Cancer
A Pathfinder

The Learning Center provides materials for information and convenience only. They are not to be substituted for medical advice. Medical information is often controversial and continually changes. Please talk to your doctor about your specific concerns.

The Learning Center provides a wide range of materials, and each location has different resources. Please call ahead to learn which location has the resources you need.

To learn more or ask questions, please call, email or visit The Learning Center.

Websites

The University of Texas MD Anderson Cancer Center
http://www.mdanderson.org/
This site gives news and information on cancer prevention, screening guidelines, treatment, resources, community resources and more.

National Cancer Institute
http://www.cancer.gov
This site includes information on treatment, clinical trials, prevention, genetics and causes, screening and testing, coping and statistics. Click on a specific type of cancer to access up-to-date information.

Association of Cancer Online Resources
http://www.acor.org
This site offers access to mailing lists that provide support, information and community resources for everyone affected by cancer and related disorders.

Cancer.net
http://www.cancer.net
The American Society of Clinical Oncology sponsors this site. It gives information on more than 50 types of cancer and their treatments, clinical trials, coping and side effects. Additional resources include live chats, message boards, a drug database, medical dictionary and links to patient support organizations.

American Association for Cancer Research
http://www.aacr.org/
On this site, find clear and accurate information about research findings, support and advocacy groups, clinical trials and biomedical terminology.

Cancer*Care*
http://www.cancercare.org
Cancer*Care* is a national nonprofit organization that gives free professional support services to anyone affected by cancer: patients, caregivers, children, loved ones and the bereaved.

American Cancer Society
http://www.cancer.org/
This site contains information about cancer, cancer treatment, support groups and services, special health needs of patients and survivors, cancer prevention, risks, early detection, symptoms and statistics by year and state.
CancerConnect

© 1999, 2012 The University of Texas MD Anderson Cancer Center, Revised 09/12/12

http://www.cancerconnect.com
This site contains current information on side effects, support, resources, clinical trials, screening and prevention. See *Support and Resources* for links to financial/travel assistance, advocacy and more.

MedlinePlus
http://www.medlineplus.gov
This site has information about more than 650 diseases and conditions. There is also a medical encyclopedia, a medical dictionary, extensive information on prescription and nonprescription drugs, and links to reliable health information.
