Lymphoma, Multiple Myeloma and Waldenstrom's Macroglobulinemia
A Pathfinder

The Learning Center provides materials for information and convenience only. They are not to be substituted for medical advice. Medical information is often controversial and continually changes. Please talk to your doctor about your specific concerns.

The Learning Center provides a wide range of materials, and each location has different resources. Please call ahead to learn which location has the resources you need.

To learn more or ask questions, please call, email or visit The Learning Center.

Levit Family Learning Center

Websites

The University of Texas MD Anderson Cancer Center Lymphoma & Myeloma Department Page
http://www.mdanderson.org/patient-and-cancer-information/care-centers-and-clinics/care-centers/lymphoma-myeloma/index.html
This site offers information about Hodgkin and non-Hodgkin lymphoma, as well as multiple myeloma and Waldenstrom's macroglobulinemia. Find information about the center's clinical trials and links to MD Anderson publications and external resources.

The Leukemia and Lymphoma Society
http://www.leukemia.org
This site provides disease information about leukemia, lymphoma, myeloma and other blood cancers. Find support for patients and caregivers, guidance in finances, helpful links and free educational brochures.

The Lymphoma Information Network
http://www.lymphomainfo.net
This site gives general disease information along with research materials, books on lymphoma, lymphoma organizations, resources, survivorship, financial aid and patient rights.

Lymphoma Research Foundation
http://www.lymphoma.org
This site has information on patient education, resources, educational materials, services, ongoing clinical trials, research news and support programs. This site also offers a helpline to talk to a trained staff member.

Lymphoma Research Foundation: Disease-Specific Websites
http://www.lymphoma.org/site/pp.asp?c=bkLTKaOQLmK8E&b=7800259&tr=y&auid=9756862
The Lymphoma Research Foundation offers six disease-specific websites that cover anaplastic large cell lymphoma, chronic lymphocytic leukemia, follicular lymphoma, Hodgkin lymphoma, mantel cell lymphoma and peripheral T-cell lymphoma. Each site provides diagnostic information, treatment options and free patient resources. Visitors can register for the foundation's semiannual electronic newsletters to learn the latest in disease-specific news and treatment updates.

Lymphoma Research Foundation
http://www.lymphomafacts.org
Get fact sheets in English, Spanish and Chinese on many topics from this site, including lymphoma, treatment, side effects, toxicity, communicating with your health care team and coping with lymphoma.
