

Liver Cancer

A Pathfinder

The Learning Center provides materials for information and convenience only. They are not to be substituted for medical advice. Medical information is often controversial and continually changes. Please consult your health care provider to discuss your specific concerns.

The Learning Center locations provide a wide range of materials, and each site's resources are different. Please call ahead to learn which location contains the resources you need. The Learning Center staff provides skilled, individualized service and will be happy to help you.

For more information, or if you have questions, please call, e-mail or visit The Learning Center.

Internet Resources

The University of Texas M. D. Anderson Cancer Center

<http://www.mdanderson.org/diseases/liver/>

This site provides news and information on treatment, research, clinical trials, prevention, screening guidelines, community resources and more.

American Liver Foundation

<http://www.liverfoundation.org>

This Web site provides research, education and advocacy for those affected by hepatitis and other liver related diseases.

Blue Faery Organization

<http://www.bluefaery.org>

This site's mission is to prevent, treat and cure primary liver cancer, specifically hepatocellular carcinoma, through research, education and advocacy.

Liver Cancer Network

<http://www.livercancer.com>

This Web site is aimed to provide liver cancer patients and their families with the basic knowledge needed to communicate with their physicians better.

Livertumor.org

<http://www.livertumor.org/>

This Web site provides a good overview of liver tumors and their treatments. It also provides links to abstracts for published articles on radiofrequency ablation, a complete bibliography of recent research in this area, and statistics related to radiofrequency ablation treatments.
