

Important General Checklist

A general checklist of things to bring to M. D. Anderson...

- Completed (8-page) Patient History Database form, which comes in this packet. **There may be a delay in seeing your physician if you do not arrive with your completed form.**
- Your appointment schedule and other materials sent to you.
- All insurance information, including health insurance and prescription insurance cards.
- Medical information, including your actual pathology slides that must be sent by overnight delivery or hand-carried for your first appointment.
- Copies of doctors' notes and operative reports.
- Actual diagnostic films such as CT scans, MRIs, ultrasounds, and X-rays must be hand-carried to your first appointment. Please do not mail unless requested by your referral specialist. Your radiology facility may offer to provide copies of these X-rays on a CD, and this is acceptable. **However, in order for our radiologists to view outside X-rays on a CD it is critical that they be provided in the proper format. Please instruct your radiology facility providing those films to provide them as DICOM format CDs.**
- Please include notes from other physicians for any other medical problems you may have.
- A list of all your doctors and their telephone numbers and addresses.
- A list of all your prescription and non-prescription medications in the original, labeled bottles. This request includes vitamins, nutritional supplements, herbal products and over-the-counter drugs.
- Your completed Living Will and Medical Power of Attorney documents. (If you do not have these documents when you arrive for your first appointment, ask to meet with the social worker assigned to this center.)
- A list of questions you may want to ask your doctor. Bring a small notebook for keeping notes.
- Comfortable clothing and shoes and a sweater.
- A local telephone number or cell phone.
- A book, magazines or handwork to help pass the time between appointments.

Stem Cell Transplantation and Cellular Therapy Center Checklist

A general checklist of things to bring to the Stem Cell Transplantation and Cellular Therapy (SCT/CT) Center...

- Recent X-rays, CT scans, biopsy and bone marrow slides and other reports.
- When you arrive at the care center, check in with the receptionist. **New patients should arrive at least one hour prior to their scheduled appointment.** You will be asked to sign up for *myMDAnderson* and will receive a password.
- Please notify the receptionist of any changes in your name, address, phone number, insurance coverage, or follow-up physician(s).
- Before you leave the center, please check with your clerk or nurse to make sure you know what tests have been ordered and when they are scheduled.
- If you leave without an appointment card or a computer printout of your schedule, you will receive a letter in the mail with your appointment. You may call the patient appointment line at 800-889-2094 from 6 a.m. to 10 p.m. or the SCT/CT Center at 713-792-6100 from 8 a.m. to 5 p.m. to request your schedule. You may also access your schedule on the Internet by using *myMDAnderson*.
- If you have been hospitalized at M. D. Anderson and your return appointment was not given to you at the time you left the hospital, call the center clerk at least three days after your discharge to clarify when your next center visit is scheduled.
- Your initial work-up can take several days for testing to be completed and a plan of care to be developed. Plan to remain in town for five to seven business days if necessary.
- Also, please eat as you normally would on the day of your appointment **unless** your referral specialist has told you not to.

Note: If you are not able to keep your appointment or have questions about your schedule, please call the SCT/CT Center at 713-792-6100.
