

Prostate Cancer

A Pathfinder

The Learning Center provides materials for information and convenience only. They are not to be substituted for medical advice. Medical information is often controversial and continually changes. Please consult your health care provider to discuss your specific concerns.

The Learning Center locations provide a wide range of materials, and each site's resources are different. Please call ahead to learn which location contains the resources you need. The Learning Center staff provides skilled, individualized service and will be happy to help you.

For more information, or if you have questions, please call, e-mail or visit The Learning Center.

Levit Family Learning Center Mays Clinic

Floor 2, near The Tree Sculpture,
Room ACB2.1120

Web Sites

The University of Texas M. D. Anderson Cancer Center Prostate Cancer Page

<http://www.mdanderson.org/diseases/prostate/>

The prostate cancer page provides basic prostate cancer information as well as news items, multimedia presentations and contact information for new patients.

Prostate Cancer Foundation

<http://www.prostatecancerfoundation.org>

The Prostate Cancer Foundation provides newsletters, a glossary of terms and prostate guides. Their most recent guide is *Nutrition, Exercise and Prostate Cancer*.

*Indicates reference only (unavailable for check out)

US TOO: Prostate Cancer Education and Support

<http://www.ustoo.com>

US TOO offers news and events, support programs, educational materials and “The Hot Sheet,” a monthly newsletter.

UrologyHealth.org

<http://www.urologyhealth.org>

The American Urological Association Foundation sponsors this site. Under *Patient Information*, they provide *Find a Urologist*, which directs users to local board-certified urologists.

Zero: The Project to End Prostate Cancer

<http://fightprostatecancer.org>

Zero supports research, promotes awareness and provides educational information.

Cancer.Net

<http://www.cancer.net>

This is doctor-approved information from the American Society of Clinical Oncologists. Their prostate cancer information includes medical illustrations, risk factors and prevention, symptoms, diagnosis, staging, treatment, clinical trials resources, side effects, after treatment, current research and questions to ask the doctor.

National Cancer Institute

<http://www.cancer.gov>

NCI material on prostate cancer includes treatment options by stage, as well as information on prevention, genetics and causes, screening and testing, clinical trials and statistics.

American Cancer Society

<http://www.cancer.org>

The ACS provides decision support tools to assist you in understanding your treatment options and possible side effects. Type *treatment decision tools* in the search box and then pick *Prostate*. You need to register and provide an e-mail address to gain access.
