

Holden Foundation Learning Center

A Pathfinder

The Learning Center provides materials for information and convenience only. They are not to be substituted for medical advice. Medical information is often controversial and continually changes. Please consult your health care provider to discuss your specific concerns.

The Learning Center is located in the Jesse H. Jones Rotary House International, Floor 1, within Patient Guest Relations, in Room RHI1.103. Staff can be reached at 713-745-0007, Monday – Friday, 9 a.m.-1 p.m. Hours are Monday – Friday, 7 a.m.-8:30 p.m.; Saturday, 10 a.m.-4 p.m.; and Sunday, 1:30 p.m.-8:30 p.m. If you do not find what you need, please visit or call The Learning Center in one of our other locations:

Mays Clinic

Floor 2, near The Tree Sculpture,
Room ACB2.1120
Monday – Friday, 9 a.m.-4 p.m.

Pamphlets

Note: The National Cancer Institute's *What You Need to Know About ... Cancer* pamphlets in the wall bins provide overviews of different types of cancer. The American Cancer Society's *Treatment Guidelines for Patients* pamphlets in the bookcase give information about symptoms (fever, fatigue and nausea) and common cancers (breast, prostate, lung and colon).

Cancer* books cover different topics, such as breast cancer, bone marrow and stem cell transplantation, brain tumors, colorectal cancer, leukemia, lung cancer, lymphoma, melanoma, ovarian cancer, pancreatic cancer, cancer symptoms and cancer treatment side effects, and caring for family or friends with cancer.

Internet Resources

The University of Texas M. D. Anderson Cancer Center Home Page
<http://www.mdanderson.org/>

National Cancer Institute (NCI)

<http://www.cancer.gov>

This site includes information on treatment, clinical trials, prevention, genetics, screening and testing, coping and statistics. Click on a specific type of cancer to access up-to-date information.

Cancer Net

<http://www.cancer.net>

The American Society of Clinical Oncology sponsors this site. It provides information on more than 120 types of cancer and their treatments, clinical trials, coping, complementary and alternative medicine and survivorship. Additional resources include links to patient support organizations.

CancerCare

<http://www.cancercare.org>

CancerCare is a national non-profit organization that provides free professional support services to anyone affected by cancer: patients, caregivers, children, loved ones and the bereaved.

American Cancer Society (ACS)

<http://www.cancer.org/>

This site contains information and resources about specific cancer topics, support groups and services, special health needs of patients and survivors, managing the cancer experience, cancer prevention and risks, early detection, and statistics by year and state.

CancerConsultants

<http://cancerconsultants.com/patient/home.html>

This site contains current information on health and wellness, diagnostic testing, types of cancer, treatments and side effects, support, resources and clinical trials.

MEDLINEplus

<http://www.medlineplus.gov>

Information is provided on over 650 diseases and conditions. There is also a medical encyclopedia, a medical dictionary, extensive information on prescription and nonprescription drugs, health information from the media and links to thousands of clinical trials.
